City of Greenville

Dear Fans, Friends and Family,

I wanted to personally thank you for honoring me the way you did during George Hincapie Day in downtown Greenville. I have always loved Greenville, but I didn't realize that Greenville was so fond of me. I was touched by the incredible show of support from everyone. It was truly a very special day for me and my whole family.

I want to thank all those that helped plan, organize and execute all the activities surrounding the parade and celebration. It was obvious that many people worked hard to make these events happen and your efforts and hard work are greatly appreciated. I sincerely thank each and every one of you for such a memorable experience.

Sincerely,

George Hincapie
